

What we're doing

WORKPLACE TRAVEL PLANNING

As part of its commitment to sustainable transport alternatives for Rotorua, Rotorua District Council is leading the way with the implementation of a Workplace Travel Plan for its employees.

The aim of the Plan is to encourage staff to look at alternative ways to travel to and from work, rather than relying on driving by themselves in their cars.

Initiatives include:

- Information on getting to work incorporated in staff induction packs and on intranet, including cycling and walking maps
- Promotion of cycling and walking through events such as 'Walk to Work Day', 'Bike Business Battle', 'Walktober'
- Cycling skills workshops
- New shower block and lockers for staff
- Improved secure bike storage facilities and staff pool bikes
- Car pooling promotion
